

# September Photo Contest Judge's Comments

## "Colorful"

### Judge 1

- 1- Good color saturation and sharpness. Bright moon is a bit distracting as is LRH side.
- 2- Lovely silhouette of Sand Hill Cranes landing.
- 3- Colors, while many, are somewhat muted. Image is very busy.
- 4- Colors appear accurate. Good depth of field to soften background
- 5- Image is not in focus. Cannot tell what the subject is supposed to be.
- 6- Color combination is pretty. Tighter crop to focus in on flowers would help here.
- 7- Excellent composition and handling of difficult lighting. Everything that should be in focus is. Print this and put this on your wall.
- 8- Good depth of field. Could be brighter and sharper.
- 9- Too tightly cropped on LHS. Good colors and exposure.
- 10- Colors are a bit subdued. Background is a bit bright. What would happen if the subject was only one of the flowers?
- 11- Marvelous capture. Excellent exposure, composition, and depth of field.
- 12- Pleasant still-life image. Highlights and midtones could be a bit brighter.
- 13- Black bird is overly bright. Colors of the peppers seems accurate.
- 14- Wonderful nighttime capture. Everything is sharp and accurately rendered. Reflections are beautiful.
- 15- Funny piece of artwork. One side is too dark and the other is overly bright.
- 16- Colors of this piece seem accurate. Darkening of RHS could help here
- 17- Loads of colors. Nothing is in focus.
- 18- Nice assortment of colors and shapes. Background is distracting. A tighter crop could help here.
- 19- Wonderful composition and capture of the bee. Whites could be brighter. Nice vignette.
- 20- Image is a bit chaotic. Colors could be more saturated. Crop in tighter.
- 21- Subject is tack sharp. Rest of the image is much too bright. Vignetting would really help here.
- 22- Beautiful bird. Not tack sharp. Log is over exposed. Background is too bright.
- 23- Colors of the building seem accurate. Shooting straight-on might be better. Powerlines are distracting.
- 24- Lovely colors of the woman's outfit and the llama's head dress. Background is distracting.
- 25- Nice colors and depth of field. Background could use a vignette to focus attention on the flowers more tightly.
- 26- Lovely environmental portrait. Silhouetting of people works well. Colors are well rendered. Color reflection in the water works well.
- 27- While not a lot of color, image is well exposed. Subject is sharp.
- 28- Lots of colors in the subjects' attire. LHS is too tightly cropped.
- 29- Good mix of colors, shapes, and textures. Image is a bit soft. Far background lights are not needed.
- 30- Subdued colors work here. Too tightly cropped on the top.
