

Quarter	Topic	Guidelines
Q1 2022 Jan 1 to Mar 31	Still Life	A still life is a work of art that focuses on inanimate subjects. Usually, the subjects are commonplace objects. That can include both manmade objects (such as vases, items of clothing, and consumer products) and natural objects (like plants, food, rocks, and shells). A lot of emphasis is put on the arrangement of the items, the lighting, and the framing. Think Composition and Light.
Q2 2022 April 1 to June 30	Dominant Color	The photo should have a dominant color that immediately attracts the viewer's eye to the subject.
Q3 2022 July 1 to Sept 30	Nature	Pretty self-explanatory ; includes everything from animals to plants, to trees and forests, mountains & valleys, weather, stars in the sky, etc.
Q4 2022 Oct 1 to Dec 31	Looking Up or Looking Down	The photo should have the perspective of looking up or looking down on your subject – just not straight across. Think of an airplane in flight, or an ant out for a walk.
